2026 ANNUAL REPORT ON THE NWAG GRANT SUPPORT

Submitted to:	Nigerian Women Association of Georgia (NWAG)
Reporting Year:	2026
Organization:	Association for the Poorest of the Poor (Anawim Homes which includes The Poorest of the Poor Rehabilitation Center, Anawim Glory Home etc.)
Submitted by:	Rev. Mother Oresoa Selo-Ojeme MSPP (Foundress/General Coordinator, Board of Trustees)

1. INTRODUCTION

We wish to express our sincere gratitude to the Nigerian Women Association of Georgia (NWAG) for the generous grant support given to Anawim Homes during the 2025/2026 grant period. Your continued partnership has enabled us to respond to the basic needs of vulnerable children while also creating opportunities for them to develop skills that can lead to self-reliance.

The Poorest of the Poor Rehabilitation Center is a non-profit organization established in 1995 in Abuja, Nigeria. The organization provides care and support to orphans and vulnerable children, destitute and homeless persons, young girls with unexpected pregnancy, people living with HIV/AIDS, abandoned aged persons, internally displaced persons, and other vulnerable people.

Our mission is to restore the dignity of the poorest in society through education, empowerment, shelter, rehabilitation, feeding, skills acquisition, and livelihood support. Above all, we seek to save lives and bring hope to people who are experiencing poverty and vulnerability.

For the 2026 grant period, the NWAG support was used principally for two important interventions:

- Feeding and nutrition for the children of Anawim Glory Home.
- Empowerment of one Anawim Glory child to begin self-sustainable farming.

2. STATISTICS OF THE HOME

The table below details the current demographics and population breakdown of Anawim Glory Home, including residents across various age categories, individuals with specialized needs, needs, and missionary caregivers:

Age Category	Number of Individuals
0 – 6 years	14
7 – 11 years	10
12 – 16 years	13
17 – 21 years	13
22 years and above	4
Disabled	10
Young girls with unexpected pregnancy/ mentally ill	13
Missionary Caregivers	22
Total Population	**99 people**

3. FEEDING AND NUTRITION PROJECT

One of the major uses of the NWAG grant during the year was the feeding and nutrition project at Anawim Glory Home. Adequate food and good nutrition are fundamental to the physical, emotional, mental, and educational development of children. The children under our care depend substantially on the Home for their daily meals.

Key Outcomes of the Feeding Intervention:

- Providing regular meals for the children;
- Improving access to nutritious food;
- Supporting the healthy growth and development of the children;
- Reducing the immediate pressure on the Home's limited resources;
- Improving the general welfare and wellbeing of the children;
- Enabling the children to participate actively in school, skills training, and other Home activities.

The feeding programme is also connected to our agricultural initiatives. We have continued to promote farming as a means of producing food for the Home and generating income. This year agricultural activities included the cultivation of rice, cassava, vegetables, groundnuts, potatoes, and maize.

The combination of food support and agricultural production gives the Home an opportunity to gradually reduce dependence on purchased food while encouraging sustainable food production.

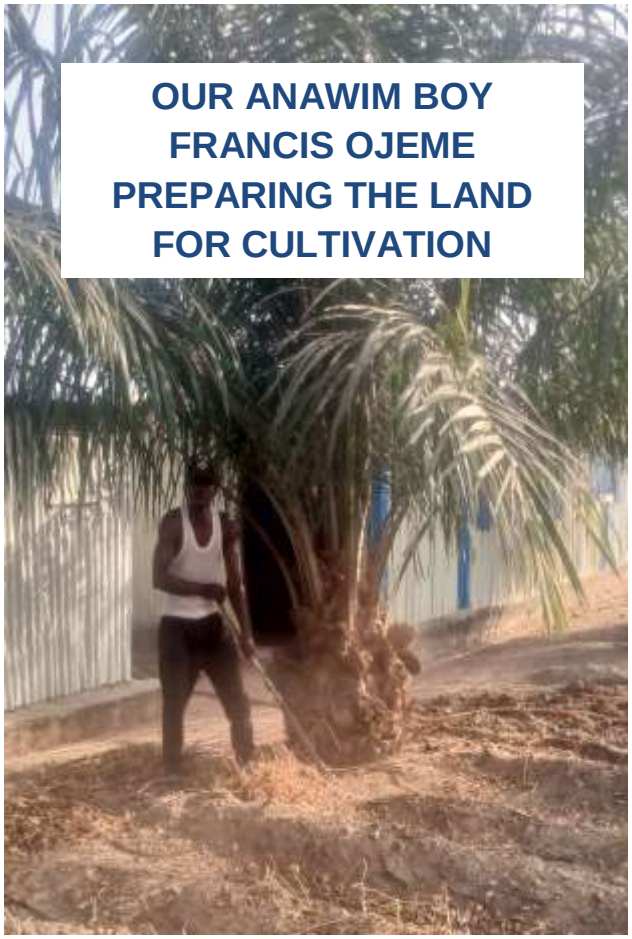

4. EMPOWERMENT OF ONE ANAWIM GLORY CHILD THROUGH FARMING

The second major area of the 2026 NWAG grant was the empowerment of one Anawim Glory child to start a self-sustainable farming project. This intervention was designed to go beyond

Providing immediate assistance, helping the child acquire practical agricultural skills such as land preparation, planting, crop care, farm maintenance, and crop processing.

Pictures of our Farm Activities

Below are pictures of the agricultural process undertaken during the project cycle:

OUR ANAWIM BOY FRANCIS OJEME PREPARING THE LAND FOR CULTIVATION

OUR ANAWIM BOY FRANCIS OJEME FARM

OUR ANAWIM BOYS PREPARING THE SOIL FOR PLANTING

OUR ANAWIM RICE FARM

OUR ANAWIM YARM FARM

OUR ANAWIM POTATOE FARM

OUR ANAWIM GROUNDNUT FARM

CORN HARVESTED FROM OUR ANAWIM FARM

5. IMPACT OF THE PROJECT

I. **Immediate Relief:** The feeding component met essential immediate nutritional needs, stabilizing daily care for all residents.
II. **Skill Development:** The agricultural project gave one child practical skills, paving a direct path toward long-term self-reliance.
III. **Sustainability Synergy:** Farming produce supplements home nutrition while surplus yield can generate future operational revenue.

6. SUSTAINABILITY OF THE PROJECT

A. **Supervision:** Ongoing supervision and support will be provided to ensure the empowered child expands farm yields.
B. **Expansion:** We aim to onboard additional children into agricultural and vocational initiatives as funding allows.

7. CHALLENGES

1. Inadequate water supply in the community and Homes;
2. Power supply difficulties;
3. Mobility and transportation challenges for children and logistical operations;
4. Increasing costs of food items and agricultural inputs.

8. FINANCIAL BREAKDOWM OF EXPENSES

S/NO	ITEMS	QUANTITY	UNIT COST ₦	TOTAL ₦
1	Feeding and children monthly upkeep	2months	370,000	740,000
2	Empowerment of Anawim Child (Francis Ojeme)	1 person	300,000	300,000
3	Transportation	10times	2,100	21,000
			TOTAL	**1,061,000**

9. CONCLUSION AND APPRECIATION

On behalf of the children, caregivers, management, and the entire Anawim Homes community, we express our deepest appreciation to the Nigerian Women Association of Georgia (NWAG) for your partnership and generous support in 2026. May God continue to bless the leadership and members of NWAG.

Yours in the Lord's Service,

MOTHER ORESOA SELO-OJEME MSPP
Foundress / General Coordinator, Board of Trustees
