30th September, 2026

The President
Nigeria Women Association of Georgia (NWAG)

GODSWILL ORPHANAGE ANNUAL REPORT TO NIGERIAN WOMEN ASSOCIATION OF GEORGIA (NWAG) ON THE 30TH SEPTEMBER, 2026.

INTRODUCTION

Godswill Orphanage Anyigba is a beneficiary of the NWAG orphans award, this support has over the years helped the orphanage to carry out various programmes, healthcare, education, nutrition and other micro projects.

The award has enabled us meet up with numerous demands in fulfilling the mandate of our vision, which is to take care of Orphans and vulnerable children and the less privileged within our immediate community and beyond, the orphanage has benefited and utilized the Nigerian Women Association of Georgia fund support to orphanages for the year 2026.

The grant support has continued to be a huge budgetary provision for the funding of the orphanage, particularly for the timely release of funds from your association. Thank you for always keeping to your promise.

In the year under review, the orphanage was able to carry out several activities which was made possible by your timely intervention, this is so significant because of the inflation in our country and the economic hardship which has reduced the available source of income and the quantity of goods and services that can be purchased.

The orphanage was able to fund the admission and registration of one of the vulnerable children at the orphanage whose name is Loveth Suleiman into School of Health Technology Idah. This indeed is a success story of the orphanage.

CHILDREN UNDER OUR CARE (2026 UPDATE)

Currently, Godswill Orphanage is responsible for the care and well-being of 44 children. Their ages range from 1 month and above. Below is the age range of the children under our care:

S/N	Age Category	Number of Children
1	0-1 year	6
2	2-5 years	8
3	6-10 years	7
4	11-15 years	14
5	16 years and above	9
	TOTAL	**44**

2. UPDATES TO OUR PROGRAM IN 2026 & ACHIEVEMENTS

1.	Programme / Area	Update / Achievement
2.	Education Support	The orphanage funded the admission of Loveth Suleiman into the School of Health Technology Idah.
3.	Orphans Day 2025	A successful full-day programme was held for our Orphans and Vulnerable Children (OVC). Non-resident OVC received food items and school materials, alongside counseling sessions, prayers, career guidance, sex education, and other psychosocial support.
4.	Christmas Celebration	The OVC enjoyed a festive Christmas celebration funded by the grant. Dresses, food, and shoes were purchased for the in-house orphans. Foodstuffs, clothing, and stationeries were also distributed to the less privileged group in Anyigba.

5.	Subsistent Farming	We continued engaging in subsistent farming (maize, cassava, beans, soya beans, melon, and a vegetable garden). The cassava was processed into garri and flour. Our poultry has greatly improved our protein needs through eggs and meat.
6.	Volunteer Support	Volunteers continue to help us: 1. process and harness oil and kernel from our palm trees. 2. Teach in the nursery and primary school of the orphanage which is solely for the OVC
7.	Infrastructure & Maintenance	Repair was carried out at the Hostels (doors and locks) classrooms, generator, the bus was repaired.
8.	Payment of salaries	The NWAG award helped in meeting the payment of salaries of workers and stipends for volunteers.

3. FUTURE PROJECTS IN THE PIPELINE (AREAS OF CHALLENGES & NEEDS)

Despite our achievements, the year was challenging due to sustained fuel increases, general inflation, and weak purchasing power. Our future projects and urgent needs include:

S/N	Area of Need	Details
1	Health & Medical Equipment	We need more clinic equipment to allow for the continuation of medication in the sick bay rather than hospital admissions. We have children with health burdens, that needs a routine medical checks and attention.

		We need a new resident nurse and to secure a new one has been challenging basically due to high renumeration expectations.
2	Feeding & Schooling Support	Monthly scholarships and foodstuff support are needed. Subsistent farming has become expensive due to the cost of herbicides and farm inputs. (ojonuma is a physically challenged girl who takes classes away from home the cost of this learning activity has become so high that it is threatening continuation)
3	Power Source	The generating set has packed up due to old age after constant spending to repair). A solar-powered system is highly recommended to replace the generator.
4	Recreation Facilities	Playground facilities and toys are needed to facilitate the recreation of the OVC. Attempts have ben made to develop the playground but the pressure from the population of the OVC has continued to place more demand for more provisions.
5	Staffing	Low/Irregular remuneration and distance to the orphanage have made staffing transient as staff embraced any little advantage to forsake the job. A consistent monthly salary is recommended
6	Staff Accommodation	We need staff quarters for resident workers.
7	Dining Facilities	A furnished dining hall.

4. CONTACT INFORMATION

Item	**Details**
Physical Address	Agala-Ate Road, Anyigba, Kogi State.
Phone Number	08057226177, 08032302053, 08036881227
Email Address	godwillorp@yahoo.com.

5. SOCIAL MEDIA INFORMATION

Platform	Details

6. BANK ACCOUNT INFORMATION

Item	Details
Account Number	2004218025
Bank Name	First Bank
Account Name	Godswill Orphanage

CONCLUSION

It is no doubt that your organization has contributed greatly to humanity, especially in your contribution to making sure our objective of reaching out to the orphans and vulnerable children is realizable. Worthy of note is the achievement of some of our challenges last year like the repair of the school furniture, healthcare, education and nutrition and the sustained recurrent activities of the orphanage.

Attached is an amateur photo speak.

Thank you for your encouragement and support.

Yours faithfully,

Elizabeth Okpanachi (Mrs.)

Proprietress
