ORONSAYE ORPHANAGE HOME BENIN CITY

2026 ANNUAL REPORT

On behalf of the Management, staff and children of Oronsaye Orphanage Home, Benin City, we are using this medium to express our profound gratitude to the Nigerian Women Association of Georgia (NWAG) for your continuous support over these years, which has greatly enhanced our capacity to care for orphans, vulnerable children, and the less privileged at our home.

Permit us to further state here that these grants have given us the enablement to sustain vital operations, despite the fact that Nigeria is experiencing a period of economic instability and hyperinflation.

Currently, we have a total of 15 children in our care. 6 boys and 9 girls. Three of our wards have left the orphanage having attained 18 years of age and one of them had completed the vocational training programmed he enrolled in.

2026: THE YEAR UNDER REVIEW

The contribution from Nigerian Women Association of Georgia (NWAG) has assisted greatly us in the following areas of Medical Care, Education and overhead cost of running the facility.

We deeply appreciate Nigerian Women Association of Georgia (NWAG) for your wonderful generosity, which continue to transform the lives of the children under our care.

PROJECTS

During this year 2026, we have consolidated significant progress in several key areas:

1. **Fish Farm & Agriculture:** In this year 2026, we still continued with the fish farm project in the compound. We currently have about 6000 juvenile catfish in our earth ponds.
2. We have expanded our vegetables production for our use as well as ginger and turmeric cultivation.
3. We are still on our maintenance and infrastructure renovation in the home.

CHALLENGES

As a result of the economic crisis, we have challenges in the underlisted

1. **Health:** The cost Malaria treatment has skyrocketed thereby creating problems as the ailment is endemic.

2. **Food:** The current cost of food items as a result the never-ending fuel price increases have practically affected day to day management of the home. Fortunately, as stated last year, the food donations have kept us going.

3. **Electricity:** The astronomic increase fuel cost created a huge burden on running the generator is becoming a great challenge. Consequently, we are using this medium to request for your gracious intervention through the procurement of a solar-powered system

4. **Staff Salaries and Welfare**: we currently pay salaries to 2 Nannies, 1 security Guard,1 cook, 2 gardeners, I cleaner, manager/storekeeper and a matron.

5. **Education:** As more of the children reaching school age, tuition fees and other costs have increased.

Acknowledgment

We sincerely appreciate the Nigerian Women Association of Georgia (NWAG) for your unwavering commitment to uplifting orphans and vulnerable children across Nigeria. Your support continues to empower us to fulfill our mission despite prevailing economic challenges.

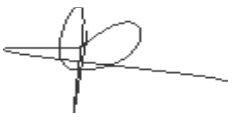

We are especially grateful for your impact on the infrastructural development, educational support, and other recurrent activities that sustain our daily operations.

Attached are photographs from the home.

Thank you for your encouragement and continued support.

Accept the assurances of our highest regards.

Yours faithfully,

Patrick O. Oronsaye
